

Key to Kibbizer 51: In turn

Questions on citations 1-8:

- Citations 1-3 repeat the verb (e.g. *decays*) to emphasise that the relationship between A & B is the same as the relationship between B & C. Citations 4-7 use synonyms (e.g. *stimulate*, *cause*).
- Citation 8 extends the sequence of relationships with a second *in turn*

Here are citations A-H joined to their correct second halves:

- A- Energis is owned by the National Grid Company, which in turn is owned by the 12
B regional electricity companies.
- B- Public investment leads to higher demand and higher incomes, which in turn
E prompts higher private investment and thus higher output.
- C- The coach was immediately hit by a British Telecom van, which in turn was struck
A by a Ford Orion car.
- D- The resistance of the plants to ozone was proportional to the level of ozone, which in
C turn was related to the hours of bright sunshine.
- E- VS Naipaul learned a good deal of his comedy from the Indian novelist RK Narayan,
F and Naipaul in turn has influenced writers like Salman Rushdie and Rohinton
Mistry.
- F- The mating systems of these animals are dependent upon the dispersion patterns of
D the females and these in turn are related to patterns of optimum food exploitation.
- G- It is hard to be assertive when feeling ill but patients should be encouraged always to
H ask doctors what they are doing and why. Doctors in turn should try to explain their
actions and remain aware of patients' fears.
- H- Hurricanes are driven by warm, moist air. When this air rises to high altitudes, its
G water vapour condenses releasing latent heat. This in turn stimulates more air
movement, building up the winds in the storm.
